QUESTIONS & ANSWERS

● ¿Can I take screenshots or record videos of this template to promote what I do in social media?

Yes! If you do, you can get in touch with me (@schemetastic) and I might even help you to repost or share that content.

● If I distribute the project to a client, ¿Does the client can use it in unlimited products?

It depends. The person or entity that purchase this license can use it in unlimited projects and for unlimited clients. But the client (in this context), has to use the template under the “Single” license, which is only for one single project. However, you or your team can transfer this license to someone and that “someone” or entity can benefit fully from this license. In that case, this license no longer would apply to you or your team.
